

We are on our way to raising the funds needed to build a new facility for Abundant Life Community Church. We are excited to have come this far, yet we still have far to go.

How can you help? By prayerfully making a donation! The success of this project will require significant financial contributions from people with a heart who want to see quality Christian experiences instilled in the lives of our community for generations to come.

Your gift can make a difference!

It is time to build a permanent place of our own and we need your help to make this happen! In order to meet the needs at Abundant Life Community Church, it will take committed people with a vision for Christian excellence who will provide the financial support needed to build a new facility. The challenge is clear, the need is great, and the cause is worthy. Let's join together to build a foundation for the future for our community and all its surrounding areas. **To accomplish this, we need your help!**

"We need to support this campaign to establish a legacy that will last for generations to come that will positively impact every aspect of our society."

Together In Christ,

Larry D. Atkins, Pastor

I have come that they may have life, and that they may have it more abundantly.

John 10:10 (NKJV)

Giving Options

The objective of the Campaign To Build Project is to raise all the funds needed to complete the entire construction.
